Call Metro First

FAST, FRIENDLY SERVICE

Our customers are not just a list of clients, they're our friends. At Metro, service doesn't end after the sale.

We know our customers are passionate about what they do, and we share in that passion. Metro goes the extra mile

to develop relationships knowing that in these rapidly changing times, technology and the tools used to communicate your message change too. A Metro technician is always available 24/7. **Call Metro FIRST** and you'll receive the kind of attention you would expect from a friend.

INSTALL CONTRACTING

Whether it's a new build or renovation project; **call Metro First** and let our expert design team put together a sound, video and lighting package that performs and looks great. The team at Metro has over 50 years of combined quality install experience

RENTAL

Call Metro FIRST when planning your next event. Metro has systems to accommodate indoor and outdoor venues of all sizes up to 10,000 seats for full concert audio and lighting production. Let our team of qualified engineers help make your next event a huge success.

SALES

From a single microphone cable to complete audio/visual systems; **call Metro FIRST** for a full line of equipment from brand names like Sony, dbx, Shure, Crown, EAW and others to meet all of your needs including:

- Live audio and accessories
- 70-volt distributed audio
- Video projection/distribution
- Video Production-cameras/editing
- Stage and video lighting
- Effect Lighting
- Electronic keyboard instruments
- CD/DVD duplication

TRAINING

Metro understands that even the best equipment only has value when the person operating the equipment knows how to get the best out of it. **Call Metro FIRST** for complete, on location training sessions on your equipment. Our expert technicians cover:

- Audio Consoles
- Equalization
- Diagnosing and resolving problems
- Multi-Media Presentation
